

AMOUNT GRANTED PER PROJECT

An organization may submit 1 or 2 funding applications, depending on the situation.

HAS THIS PROJECT BEEN PRESENTED TO OTHER FUNDERS?

Organization	Amount	Status

TOTAL

For example, your project's **total revenues** are \$40,000 CAD.

You must list the information for other financial partners as follows:

REVENUES		
Local participation*	\$4 000	*We favour projects that involve local participation in terms of financing, material or human resources (e.g. materials, equipment, labour, etc.) and in which the local population is actively involved.
Other participants*		
Fondation de l'Espoir	\$36 000	*You must attach a list of other financial partners and indicate the amounts received from each partner.
Total revenues	\$40 000	

The **amount requested** from the Roncalli International Foundation is calculated in the following way: **total expenses** minus **total revenues** equals the **amount of funding requested** for your project (\$70,000 - \$40,000 = \$30,000).

AMOUNT REQUESTED from the Roncalli International Foundation	\$30 000 CAD

PLEASE NOTE

You may apply administrative fees according to the percentage set by the Foundation (10% of total expenses). However, the total amount requested from the Foundation must not exceed the maximum amount of \$35,000 CAD.

We receive more than 1,000 applications per year and, unfortunately, we are unable to accept every application. We allocate funds based on our annual capacity in the interest of fairness to all partners.
